

# ITIL v3 Expert

The ITIL Expert level of qualification is aimed at those individuals who are interested in demonstrating a superior level of knowledge of the ITIL Scheme in its entirety. Achieving this level of ITIL qualification will benefit a candidate in both their personal and professional development, by aiding career advancement and progression within the IT Service Management field.

To earn the ITIL V3 Expert certification, candidates must earn a minimum of 22 credits from lower-level tracks.

- You must earn 2 credits by passing the ITIL V3 Foundation for Service Management exam
- 15 credits you require to earn your ITIL V3 Expert credential are earned by completing courses and exams from the ITIL V3 Intermediate Lifecycle track
- You must earn 5 credits by passing the Managing Across the Lifecycle module
